

Important Update for Washington's AGRICULTURE SUPPORT PROGRAM

« APPLY ON OR BEFORE JUNE 2, 2025! »

Dear Valued Members of Washington's Agricultural Producer and Transporter Communities:

The Department of Licensing has been proud to offer this support program to Washington's agricultural industry since August 2024. However, **the program is set to end on June 2, 2025**, to ensure that all funds are distributed to eligible applicants before July 1st.

Thankfully, funding remains available for any agricultural producer or transporter who purchased fuel between January 1, 2023, and December 31, 2024! **So apply now before it is too late!**

What is the Agriculture Support Program (ASP)?

The ASP is a funding opportunity for agricultural producers and transporters who have purchased eligible fuel to produce or transport agricultural products between January 1, 2023, and December 31, 2024.

Where can I find more information?

Check out our Frequently Asked Questions (<https://dol.wa.gov/agriculture-support-program/faq-agriculture-support-program>) for answers on how to apply, if you qualify, required documents, and more!

How can I apply?

We have two application processes available, an online application and a paper application. For the fastest experience, we recommend using the online application. <https://dol.wa.gov/agriculture-support-program>

How long does it take to apply?

It takes approximately 20 minutes to complete and submit the application.

Recommendation: Make sure you have all the information you need to complete the application by checking out the [FAQs](#) before starting. If you have any questions or need assistance, please contact us. We are here to help!

How do I get funding for both 2023 and 2024 fuel purchases?

You will have to fill out a separate application for each year, but do not worry. Once you have completed one application, the second one will be much easier!

Have more questions about the application process?
